INTEGRATED CROSS-PLATFORM STRATEGY | CCEP ELECTION FAIR 2026

By: Maximus Attallah and Marcus Attallah

Strategic Campaign Brief & Client Audit

Client & Event: California Center for Ethics and Policy (CCEP) – Biennial Election Fair 2026 (Bronco Student Center: Ursa Minor & Lyra).

Core Problem: Low student awareness and event turnout. CCEP's social channels rely heavily on text-dense, static flyers and podcast clips that average only 2–5 likes, missing fast-scrolling commuter students.

Platforms in Scope:

Instagram: Primary hub for awareness, dynamic Reels, and interactive Story polls.

Facebook: Community event page synced with campus club and department groups.

Eventbrite: The central conversion hub for tracking RSVPs and volunteer sign-ups.

Strategic Goals & Content Pillars

Primary Goals: Drive 450 verified student attendees and recruit 25 student volunteers.

- **Pillar 1: "Make an Impact" (Volunteer Recruitment)**
  - Concept: A behind-the-scenes Reel highlighting volunteer perks (resume-building hours, free t-shirt, meal voucher).
  - CTA: "Join the team behind the fair! Tap our bio link to register as a volunteer on Eventbrite."

- **Pillar 2: "Policy in Your Pocket" (Attendee Sign-Ups)**
  - Concept: A short Reel comparing everyday commuter expenses (gas, groceries) to local ballot measures.
  - CTA: "Your budget is on the ballot. Claim your free spot on Eventbrite!"

- **Pillar 3: "Sports, Culture & Civic Power" (Event Highlight)**
  - Concept: A campus interview asking students if athlete activism works, teasing the faculty panel with Dr. Gyasmine George-Williams and Dr. Alex Madva.
  - CTA: "Join the live debate at Ursa Minor—RSVP on Eventbrite!"

Election Fair - Static Post

Platform: Instagram post

Highlight the event time and location

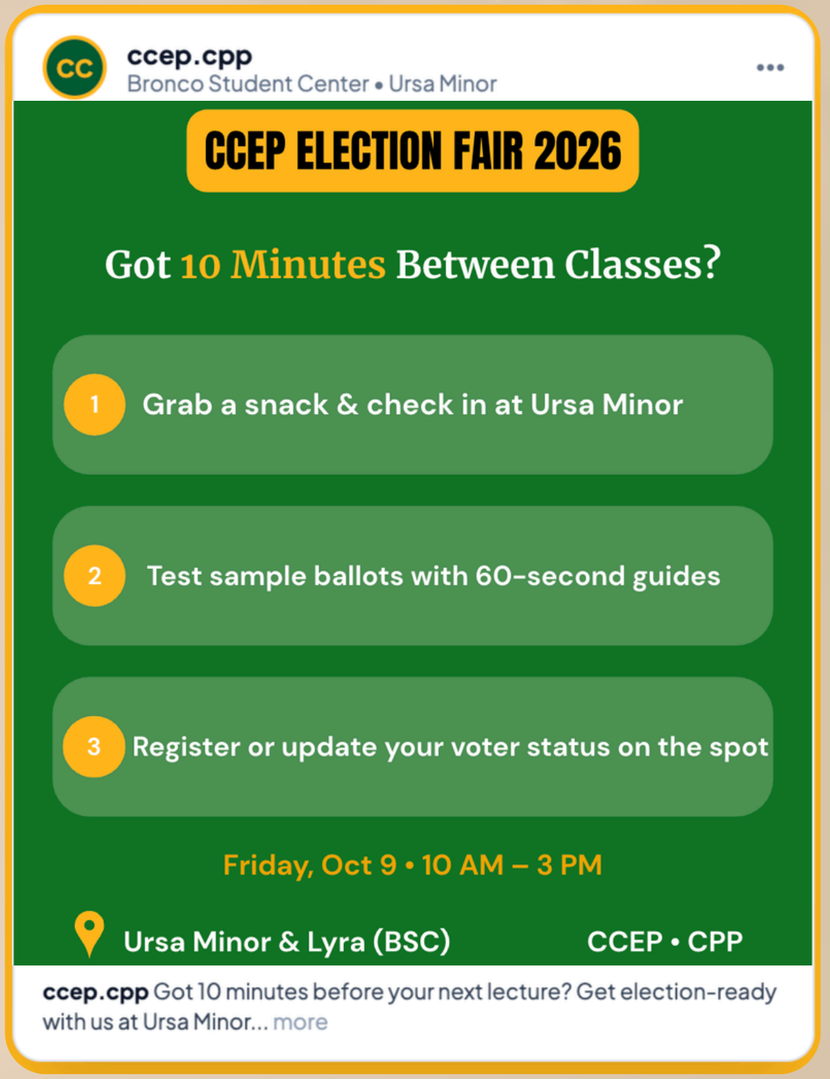

Audience: Students on Instagram

RSVP through the link in bio; skip the check-in process

Got 10 minutes between classes 🎒?
Stop by the CCEP Election Fair to check in, explore sample ballots, and register or update your voter status 🗳️!

🔗 RSVP through our bio link to skip check-in 🎟️!

Eventbrite Promotional Content

Event Title: CCEP Election Fair 2026: Voter Education & Civic Action

- **Date & Location:** Friday, Oct 9, 2026 | 10 AM – 3 PM | Ursa Minor & Lyra (BSC)

- **Eventbrite Summary:** Drop in between classes to explore nonpartisan voter guides, check sample ballots, and prepare for upcoming elections in under 10 minutes.

3 Reasons to Attend:

1. Cost of Living: Connect state and local ballot measures directly to student expenses (gas, transit, fees).
2. Plain-Language Guides: Understand policy issues without dense legal jargon.
3. Fast Drop-In Access: Flexible tables designed around commuter class schedules.

October 2026 Campaign Timeline

- **Sept 27 (Launch):** Publish Eventbrite RSVP page and share the campus LinkedIn announcement.
- **Sept 29 (Awareness):** Post the Static 3-Step Guide on Instagram and Facebook commuter groups.
- **Oct 2 (Engagement):** Post the "Policy in Your Pocket" Reel on Instagram & TikTok.
- **Oct 4 (Interaction):** Share Instagram Story poll stickers with direct Eventbrite RSVP link stickers.
- **Oct 8 (Reminder):** Send automated Eventbrite email reminders and post a 24-hour countdown Story.
- **Oct 9 (Fair Day):** Share live Instagram Stories covering student tables and activities in Ursa Minor.
- **Oct 10 (Recap):** Post a "Thank You Broncos" recap celebrating turnout and civic participation on IG & LinkedIn.

Measurement & Evaluation Plan (Content KPIs)

Short-Form Video (IG Reel): "Policy in Your Pocket"

- Primary Conversion KPI: Increase the attendee Eventbrite RSVP rate by 5% through the bio link by raising awareness about student life affordability (gas, parking, fees).
- Engagement KPI: Achieve a 25% video completion rate (watch time) among commuter students.
- Social Sharing KPI: Generate 40+ shares and saves to peer networks.

Static Post (IG/FB): "Demystify the Ballot"

- Primary Conversion KPI: Drive 50+ direct RSVPs through the bio link by highlighting the fast 10-minute drop-in format.
- Utility / Retention KPI: Attain a 10% save rate on Instagram, showing students kept the 3-step checklist as a quick reference.
- Network Amplification KPI: Secure 10+ re-shares by student clubs, ASI, or campus department pages.

Overall Event Attendance KPI:

- Convert at least 60% of total Eventbrite RSVPs into verified in-person check-ins at Ursa Minor on Friday, October 9.

Ethical and professional considerations

- Strict Nonpartisanship: Neutral, educational framing that avoids endorsing or opposing specific ballot outcomes, parties, or candidates.
- Information Verification: Voting rules, registration requirements, and educational materials are directed to official resources, such as the California Secretary of State Students Vote Project.
- Accessibility Standards: High-contrast brand palettes (#005A36 and #FFB81C), video subtitles, plain-language guides, and venue accessibility notes for Ursa Minor.
- Empowering, Low-Pressure Framing: Connects civic literacy to everyday student concerns (commute, tuition, budget) without partisan rhetoric or guilt.
- Accuracy & Transparency: Real-time monitoring of social links and Eventbrite details to prevent broken links or outdated logistics.
